

Just in time for the New Year we are offering new Autoline kits:

„New Kits On The Block“

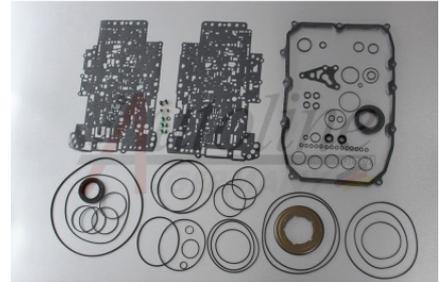

A-HXK-G1/-WF to fit for Haldex coupling Generation I – **Rear Axle Drive / Differential** for various Audi, Seat, Skoda, Volvo, VW all-wheel-drive of model years 1999-2010

Available by end of January

A-OHK-0B8 – for 5-speed **automated manual transmission** to fit for **VW 0B8 (Shiftmatic in VW Crafter) and Mercedes 716.6 (Sprintshift in Sprinter, Sequentronic in some passenger vehicle applications)**

And eventually ready and available ex stock: **A-OHK-0C8** – our Autoline overhaul kit for **VW Touareg, Audi Q7 and Porsche Cayenne 8-speed Aisin automatic transmissions**

The following overhaul kits have been upgraded:

A-OHK-02E (also for 0D9) to fit for **VW, Audi, Seat and Skoda 6-Speed Double Clutch Transmission**. We added a lot of components. For example o-rings for the solenoid valves. This kit with the new components will be available from March 2016.

Also our kit **A-OHK-0AM** (also 0CW), to fit for **VW, Audi, Seat and Skoda 7-Speed Double Clutch Transmission**, will be supplied with additional components from March 2016.

Our focus for now and the future: SUB-KITS

As already informed with our last Autoline News, we will offer more sub-kits enabling our clients to carry out repairs in specific areas of the transmissions. This will help to reduce costs, avoid the purchase of complete overhaul and the waste of unwanted components. In the end a saving of resources and the environment. **This range has been well accepted by our customers.**

A new product range: Overhaul kits for transfer cases, Differentials, Axle Drives, Haldex Clutches

Last year we started to develop components and overhaul kits for Transfer cases, Differentials, Axle Drives and Haldex Couplings. This range covers many Mercedes, BMW, Landrover und VW/Audi applications. **A number of these kits is available already and can be found on our webpage. In the first quarter of 2016 many more kits will become ready. Have a look every now and then to get the news ...**

Upon request of some of our clients we have revised and simplified our webpage. Please let us have your feedback.

For a few months our UPS-customers can order until 5.00 pm and the order leaves the same day – provided goods are in stock.

All new and updated products are published on our web page
